**DROUGHT RESTRICTIONS
EFFECTIVE SATURDAY, MAY 30, 2015**

Enforcement: These drought restrictions will be enforced. Any person, firm, corporation or other entity found in violation shall be punished by a fine of \$100 for the first offense; not more than \$500 for each additional offense. Each day of violation shall constitute a separate offense.

Drought Restrictions:

- **It shall be unlawful to run any type of outside watering on any day between the hours of 11 AM and 6 PM**
- Run outside irrigation systems (including sprinklers, automatic sprinkler systems and unattended hoses) except on the 3 days of the week permitted for the area as identified on the water rationing zone map. Landscape watering is permitted any day, except between restricted hours, with a handheld hose, soaker hose, bucket, watering can, bubbler or drip irrigation system. A spray type irrigation system may be used any time for the purposes of cooling golf course putting surfaces when warranted by weather conditions and only with run cycles of less than five minutes.
- Wash any motor vehicle at any location other than a commercial carwash or automotive shop unless the hose is equipped with a positive shutoff nozzle. Such nozzle shall stop the flow of water through the hose when released by the operator.
- Install new irrigation systems unless they are designed by a licensed professional recognized by the state to design such systems, and these systems shall be designed so as to be water conserving. Each new system shall utilize zonal irrigation, drip irrigation, subsurface irrigation and other water conserving features as appropriate. When application for the irrigation permit is made by other than a licensed irrigation specialist or landscape architect, or the irrigation system is designed by a licensed professional recognized by the state to design such systems plans shall be made available to the city building officials.
- Provide drinking water to customers of restaurants, bars, or clubs unless the customer requests such water.
