RE: COVID-19 Update

Total Cases to Date	Recovered
7	7

To the Citizens of Archer City,

At the time of this release there are ZERO active cases of COVID-19 within the city limits of Archer City.

I was notified by Archer County officials today that there has been a total of seven residents in Archer City test positive and all seven have recovered.

I ask you to continue doing what you think is best for your family and to keep using common sense.

Respectfully,

A handwritten signature in blue ink, appearing to read "Kelvin C. Green".
