RE: COVID-19 Update

To the Citizens of Archer City:

As the Mayor of Archer City, the health and well-being of our community is and always has been my top priority. With that being said, myself and other City officials are working and communicating every day to maintain and ensure the health and well-being of our citizens.

As of now the City is NOT considering a shelter in place because the citizens have been complying, although stricter measures could be considered if needed. I believe Governor Abbott's orders have been effective in Archer City, and I encourage EVERYONE to continue following this guidance.

At the time of this release, there have been no residents in the City of Archer City test positive for COVID-19. We are in constant communication with local and state authorities in regards to this situation.

Again, I would like to reinforce to you that we currently have NO known residents that have tested POSITIVE for COVID-19 within the City limits of Archer City. I will provide a weekly update that will be posted on the City website as well as the City Facebook page. If the City is notified by the proper officials that a positive case of COVID-19 has been identified then we will issue a press release at that time.

I encourage everyone to keep supporting your local businesses during these times. I would also like to thank the business owners and employees for accepting and adapting to this "new" situation. I encourage everyone to maintain social distancing, practice good hygiene, and if able take advantage of this nice weather and enjoy some exercise.

Again, the health and well-being of our community is my top priority. The City of Archer City is prepared to take the next step if needed.

Respectfully,

A handwritten signature in blue ink, appearing to read "Kelvin Green".

Kelvin Green  
Mayor  
City of Archer City
