*The Archer City Police Dept. started its Drug Awareness program at the school with Boy Scout Troop 100. The program started with the 4th, 5th, and 6th grades. This endeavor has been in the planning stage for almost 2 years. This program is designed to use the same peer pressure that is used to get kids to use drugs not to use them. The plan is to have kids educate kids on the effects of drugs and to turn the role of peer pressure around to use it in a positive manner.
